**ROTHSCHILD FOUNDATION
HOSPITAL**
HEAD AND NECK EXPERTISE

Created in 1905 in the 19th district of Paris, the *Rothschild Foundation Hospital* is a not-for-profit private health institution (ESPIC) specialized in all head and neck pathologies for adults and children. This university hospital offers excellent care and treats more than **30,000 surgical procedures every year**.

The hospital is also a research and teaching center. Regularly ranked among the best hospitals in France, it oversees **125 clinical studies** and publishes around **400 scientific articles** each year. It also trains nearly **950 students annually**.

MEDICAL DISCIPLINES

A LARGE RANGE OF SERVICES

This team provides 7/7 a full range of personalized services to patients: our medical team reviews your medical file, provide you with detailed cost-estimates in less than 48 hours, organizes your appointments and admissions.

A TEAM ENTIRELY DEDICATED TO INTERNATIONAL PATIENTS

The international department manages almost 400 hospitalizations every year and more than 6000 outpatient visits.

PARTNERSHIP WITH CHEIKH ZAÏD FOUNDATION

In March 2024 the Rothschild Foundation Hospital opened a medical center in partnership with the Fondation Cheikh Zaid in Rabat, Morocco.

This center offers medical care in Rabat equivalent to that available in Paris for patients suffering from "Head & Neck" pathologies. The Rothschild Foundation Center - Rabat (FA2R), that ensures the presence of practitioners from Rothschild Foundation Hospital in Rabat, will draw on the technical facilities of the Cheikh Zaïd Hospital. Naturally, the Center offers a wide range of logistical and administrative facilities for patients from sub-Saharan Africa.
